

Default Header & Footer

This slide uses the default title panel (60px, separator) and the auto-generated footer with page numbering.
FooterPanel(center_text="Page {page} of {total}")

No Footer

Footer is disabled via `FooterPanel(enabled=False)`. The content area extends to the bottom of the slide.

Custom Footer

Footer with blue separator, larger height (36px), custom font, center text, and a logo in the left cell.

Custom Title Panel

TitleText + SubtitleText + SubtitlePlacement.BESIDE

Title uses Times-Bold 28pt (not actually bold), subtitle appears beside on the right (35% width), separator hidden, panel height 70px.

Title with Separator

Subtitle placed below with a visible separator

Centered title, centered subtitle below, green separator line, no footer.
