

Corporate Theme

This slide uses the built-in CorporateTheme. Blue/grey palette, Arial fonts, white background.

Dark Theme

This slide uses the built-in DarkTheme. Dark background (#1E1E1E), light text, Helvetica.

Light Theme

This slide uses the built-in LightTheme. Blue on #FAFAFA background, Helvetica.

Ocean Theme

This slide uses a fully custom theme: - Custom ColorPalette (teal/blue/orange) - Named LayoutConfig layouts - Custom SlideTypeConfig variants - @Theme.register('ocean') for name-based lookup - SolidBackground from palette

Data Overview

Metric A	42.7
----------	------

Manually added cell	Extra content
---------------------	---------------

Spans both columns	
--------------------	--

Ocean by Name

Themes can be registered with `@Theme.register('name')` and referenced by a plain string. `Slide("Title", theme="ocean")`

Theme via Document

When a theme is set on the Document, new slides inherit it automatically unless overridden. `doc = Document('Title', theme=DarkTheme())`
`slide = doc.new_slide('Slide')` # inherits DarkTheme
